

# PacificVis 2020

## 2020 the 13th IEEE Pacific Visualization Symposium

📅 Apr. 14 ~ 17, 2020 / 🌐 Tianjin, China / ⚠️ Submission deadline: Jan. 10, 2020

### 📖 ABOUT CONFERENCE

Visualization has become an increasingly important research area due to its wide range of applications in many disciplines. PacificVis is an IEEE sponsored international visualization symposium held in the Asia-Pacific region, with the objective to foster greater exchange between visualization researchers and practitioners, and to draw more researchers in the Asia-Pacific region to enter this rapidly growing area of research.

The 13th IEEE Pacific Visualization Symposium (PacificVis 2020) will be held in Tianjin, China during April 14 to 17, 2020.

SPONSOR

### 📄 CALL FOR PAPERS

PacificVis is a unified visualization symposium, welcoming all areas of visualization research such as information visualization, scientific visualization, and so on. Authors are invited to submit original and unpublished research and application papers in all areas of visualization. Suggested topics include, but are not limited to:

- high-dimensional data, dimensionality reduction
- multi-field, multi-modal, multi-resolution
- causality and uncertainty data
- time series, time varying, streaming, and flow data
- scalar, vector, and tensor fields
- regular and unstructured grids
- point-based data
- design and experimentation of graph drawing algorithms
- visualization of graphs and networks in application areas
- visual design, visualization system, and toolkit design
- visual data mining and visual knowledge discovery
- data labeling, editing, and annotation, etc.
