

ICSP 2021

The 6th IEEE International Conference on Intelligent Computing and Signal Processing

🏠 Conference Location
Xi'an, Shaanxi

📅 Conference Date
Apr. 9th~11th, 2021

📄 Submission Deadline
Dec. 28th, 2020

The 6th IEEE International Conference on Intelligent Computing and Signal Processing (ICSP 2021), hosted by Xi'an Shiyu University, will be held in Xi'an, China during April 9th~11th, 2021. ICSP 2021 will bring together top professionals from industry, government, and academia from around the world. This conference offers good opportunities for the delegates to exchange new ideas, and to establish research and/or business links, as well as to build global partnership for potential collaboration. We sincerely hope that the conference will help advance knowledge in relevant scientific and academic fields.

📄 CALL FOR PAPERS

ICSP 2021 includes invited talks, oral presentations and poster presentations of refereed papers. We invite submissions of papers and abstracts on all topics related to Intelligent Computing and Signal Processing.

Intelligent computing and signal processing

- Automotive CE applications
- Smart city and 5G dedicated CE

Computer and network information security

- Internet and edge computing
- security of blockchain protocol

Artificial intelligence and machine learning

- Human-computer interaction and user experience
- Virtual reality, augmented reality and display

IoT and Sensor Technology

- Sensor and executor systems
- Audio/video systems and signal processing

To see all the subtopics, please refer to <http://www.ic-icsp.org/menu/Chinese>.

⚠️ NOTICE OF SUBMISSION

- Papers submitted to the conference should be in English and 4-page at least.
- Please send the full paper & abstract to submission system. Please refer to <https://www.ais.cn/attendess/paperSubmit/J7RRFJ> for more information.
- Submission deadline: December 28th, 2020.
