ICSPCC 2021
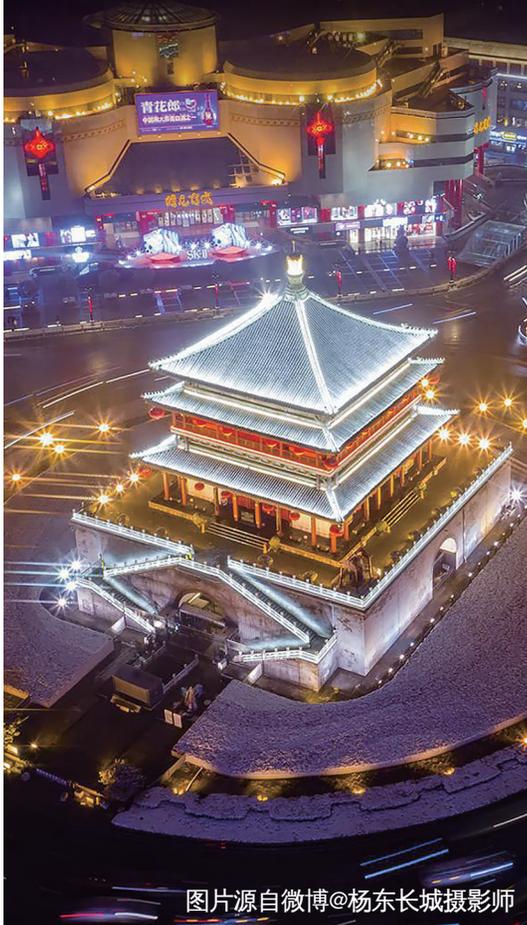

The 2021 IEEE International Conference on Signal Processing, Communications and Computing

Aug. 17~20, 2021

Xi'an, China

℞ ABOUT THE CONFERENCE

The 2021 IEEE International Conference on Signal Processing, Communications and Computing (ICSPCC 2021) will be held in Xi'an, Shaanxi, China, in August 17th ~ 20th, 2021.

The goal of the conference is to bring together leading engineers, researchers and academics from the world to discuss novel theories, technologies and applications in the areas of signal processing, communications and computing. The conference will feature prominent plenary speakers as well as technical sessions.

⬀ CALL FOR PAPERS

Topics for the conference include, but not limited to:

- Unmanned System / Machine Learning
- Ultra Wideband Technology
- Detection, Estimation and Classification
- Audio and Speech Processing
- Sensor Array and Multi-channel SP
- Optical Communications and Networks
- Microwave, Antennas and Propagation
- Space Time Processing and MIMO Systems
- Microwave / MM-Wave / THz Circuits and System
- Underwater Communications and Networks
- Channel Estimation and Equalization

To see all the subtopics, please refer to http://www.icspcc.org/.

⚠ NOTICE OF SUBMISSION

- Submitted papers must not have been published previously, and they must not be currently under consideration for publication at another venue.
- All submissions will be handled electronically.
  The full papers should adhere to the standard 8.5" × 11" IEEE format, and must not exceed 6 pages.
- Accepted papers will be submitted to the Xplore Digital Library.
- Submission deadline: May 1st, 2021.
