BigDIA
BIG DATA AND INFORMATION ANALYTICS

The 2021 7th International Conference on
Big Data and Information Analytics

Oct. 29~31, 2021 Chongqing, China

ABOUT THE CONFERENCE

Welcome to BigDIA 2021, the 7th International Conference on Big Data and Information Analytics, which is to be held during October 29th ~ 31st, 2021, in Chongqing. This is the 7th meeting of the annual conference series. The BigDIA 2021 is to bring together research scientists from academia, industries, and government agencies to report progress and exchange ideas to address challenges in fundamental research and rapid knowledge translation in collecting, processing, analyzing, integrating, annotating, and visualizing Big Data for scientific exploration, business, and policy decision-making.

CALL FOR PAPERS

Topics of the conference interested include, but not limited to:

- Statistical theories for big data
- Computer science theories for big data
- Mathematical theories for big data
- Big data computing: architecture, database, platform, etc.
- EHR and health care big data
- Multimedia and multi-structured data
- Big data prediction and decision-support systems
- Cloud/grid/stream data mining, big velocity data

To see all the subtopics, please refer to http://bigdia2021.cqupt.edu.cn/#/callforpaper.

⚠ NOTICE OF SUBMISSION

- You are invited to submit full papers (a maximum of 8 pages including references), written in English and be formatted according to the IEEE templates as followed link: https://www.ieee.org//conferences/publishing/templates.html.
- Paper submissions are to be made using EasyChair: https://easychair.org/conferences/?conf=bigdia2021.
- Accepted papers will be recommended for inclusion into the IEEE Xplore.
- Submission deadline: August 20th, 2021.
